

Once upon a time on June 7, our families came to camp. We introduced our families. After we introduced our family we led them single file to campsite. After we got to campsite we had our family to work on our PH tent. Then some families started making lunch. After lunch we cleaned wood corral. Then we went to chuckwagon and brought our tools back. Then we played volleyball till supper was ready. After supper we had pow-wow together; then we left with our families for homestay.

Alone we can do so little; together we  
can do so much.

-Helen Keller

---

On families Day, we got up at the normal time of 6:30. We did chores and went down to chuckwagon for breakfast. After breakfast, we went up to camp and brushed teeth. Then we went down to tool shed and introduced our families. After that, we took our tools up to our campsite. We had decided to set trail logs, so we split up into groups to cut, skin, and lay the logs. Marcus's and Leslie's families were cooks and at 12:30, we had lunch. We had discada for lunch. After that, we had some delicious chocolate cake. Next, we kept working until 2:30. We played games and had snacks until supper. Supper was at 5:30. After supper we had pow-wow. Then our families split up and went home for homestay.

Day 1.  
 We got to Meshohoppen boat launch at 3:30. We got out to unload canoes. Chief Alex assigned us all canoe partners. We got on the river at 4:15, and headed out for two weeks. It seemed a bit scary! About a mile down river we started fishing, sadly no luck. Three miles down river we pulled out on an island to set up camp. We cooked supper of rice and chicken. After supper we fished and canoed, finally we went to bed.

We did it!

Wildlife along the way

## 2 Week Canoe Trip

We would get up at regular time of 6:30 and do chores. We would pick up tents, and pack our canoes for our chores. We would eat breakfast and get in our canoes and go around 5 to 7 miles per day. For lunches we would have trail mix and jerky around 12:30 and have siesta. We would get back on the river and find a campsite for night. We would set up our tents and make supper. We ate supper and had pow-wow and went to bed. Shawn's mom and sister brought us ice cream. We got sick on Sunday and had to stay. I swam a mile one day and Dusty caught the biggest fish. It was all fun even though we had stressful times. The end.
